Professional Summary

MCA student graduating in 2027 with hands-on experience developing web and desktop applications using Java, Python, PHP, JavaScript, and MySQL. Knowledge of Object-Oriented Programming, Data Structures, DBMS, and API integration. Built projects involving user authentication, database management, progress tracking, and AI-powered assistance. Seeking an entry-level Software Developer opportunity to apply programming and problem-solving skills.

Technical Skills

Programming Languages: Core Java, Python, PHP, JavaScript
Web Technologies: HTML5, CSS3
Database: MySQL, SQL
Computer Science Fundamentals: Object-Oriented Programming (OOP), Data Structures, DBMS
Tools: GitHub, VS Code, XAMPP
Libraries and APIs: PyQt6, Gemini API, OpenRouter API

Projects

CodeQuest – Gamified Learning Platform

- Developed a web-based learning application using PHP, MySQL, HTML, CSS, and JavaScript.
- Implemented user authentication, learning progress tracking, leaderboards, and achievement badges.
- Integrated MySQL to store and manage application data.
- Built a responsive user interface to support an interactive learning experience.

Old Age Home Management System

- Developed a web application using PHP, MySQL, HTML, CSS, and JavaScript.
- Implemented role-based authentication for administrators and users.

J.A.R.V.I.S. – Personal AI Assistant

- Developed a Python desktop assistant with a PyQt6 graphical interface and command-based interaction.
- Integrated Gemini and OpenRouter APIs to generate AI-powered responses.
- Implemented voice interaction and modular command handling.

Education

- MCA, P.G. Department of Computer Science and Technology, Sant Gadge Baba Amravati University, Expected 2027
- B.Sc. Computer Science, H.V.P.M., CGPA: 8.07, 2025

Certifications

- C
- C++
- Java Full Stack Development (SWAMI LOGIPOOL INFOTECH)(internship)
- Python Programming (online by Reliance foundation Skilling Academy)
